

# Thanks to Our Donors

Reach Out and Read integrates reading aloud into pediatric care, providing books and coaching that help every family make reading a part of their daily routine. Your gift to Reach Out and Read empowers parents to be their child's first teachers. Your support has allowed us to positively impact children in all 50 states with 4.2 million children served last year.

**“While we have established literacy promotion programs within the city that will mail books to families, our highest-risk patients often cannot participate due to their housing instability. This instability is one of the many reasons we understand the value of providing books and literacy promotion tips to families in their well-child checks.” — Providers in South Dakota**

**Reach Out and Read is built on trusted relationships. At the core of our work is establishing the relationship between caregiver and provider during the well-child visit, meeting families where they are in the care of their child(ren). #momentsthatmatter**
